Amendments & Claim Status

[1] This Examiner's Amendment & Statement of Reasons of Allowance is responsive to Response to Final Office Action received Mar. 2, 2010. Claims 24-33 and 37 remain pending; 1-23 cancelled; and Claims 34-36 withdrawn.

Response to Arguments

Remarks Persuasive

[2] The proposed claim amendments and telephone interview regarding rejected Claims 24-33 and 37 under 35 U.S.C. § 112, first paragraph for failing to comply with the written description requirement; rejected Claims 24-33 and 37 under 35 U.S.C. § 103(a) as being unpatentable over Buchar, U.S. Pat No. 2002/0126299 in view of Feng, U.S. Pat. No. 6,356,672 have been respectfully and fully considered, and are found persuasive.

In response, the previous 35 U.S.C. § 103(a), 112 claim rejections are withdrawn.

Formal Examiner's Amendment

Where a reply to a final action has otherwise placed the application in condition for allowance, the failure to cancel claims drawn to the nonelected *>invention(s) not eligible for rejoinder< or to take appropriate action will be construed as authorization to cancel these claims by examiner's amendment and pass the application to issue after the expiration of the period for reply. Note that the petition under 37 CFR 1.144 must be filed not later than appeal. This is construed to mean appeal to the Board of Patent Appeals and Interferences. If the application is ready for allowance after appeal and no petition has been filed, the examiner should simply cancel * nonelected claims >that are not eligible for rejoinder< by examiner's amendment, calling attention to the provisions of 37 CFR 1.144.

M.P.E.P. § 821.01 (emphasis added).

After a final requirement for restriction, the applicant, in addition to making any reply due on the remainder of the action, may petition the Director to review the requirement. Petition may be deferred until after final action on or allowance of claims to the invention elected, but must be filed not later than appeal. A petition will not be considered if reconsideration of the requirement was not requested (see § 1.181).

37 C.F.R. § 1.144.

Amendment to the Claims

Claims 34-36. (Cancelled)

Allowable Subject Matter

[3] **Claims 24-33 and 37** allowed.

Reasons for Allowance

[4] The following is an examiner's statement of reasons for allowance:

Regarding **Claim 24**, it would have not been obvious to one of ordinary skill in the art at the time the invention was made to determine a scanned image alignment registration parameter for aligning a scanned image to the backing surface based on the average chrominance value and the chrominance deviation of the registration channel. Claim 28 allowed by analogy. Claims 25-27, 29-33, and 37 allowed by dependency.

[5] Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

[6] Any inquiry concerning this communication or earlier communications from the examiner should be directed to DAVID P. RASHID whose telephone number is (571)270-1578 and fax number (571)270-2578. The examiner can normally be reached Monday - Friday 7:30 - 17:00 ET.
